

DIGITAL-WORLD RESOURCES, REAL-WORLD BENEFITS

Digital technology continues to revolutionise pretty much every corner of society – and this includes baking! As part of our company-wide commitment to 'Baking Better Together' you'll start to notice a move towards increased digital activity for Mauri in the coming year or so. Headed by our all-new website, it will also include a more active presence in your favourite social media channels like Instagram, and Facebook.

While we'll always remain a proud face-to-face business with a strong personal presence right across Australia, we know we can use technology to help support our customers in smarter and more efficient ways. Our increased digital focus will help give you access to an ever-growing resource library with everything you need in one handy place, 24/7, from Mauri product information to industry news, ideas and inspiration.

We're excited about the future and look forward to sharing more news very soon, so be sure to keep an eye on the Mauri website and, of course, follow us on social media using the easy links below.
